

TCM Forklift Parts

TCM Forklift Part - In the global industry of material handling, lift trucks play an important part for transporting industrial goods. Primarily innovated as industrial vehicles during the 1930s in the United States of America, lift trucks gained popularity after WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these equipment spread globally.

First started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's very first forklift. Over the years, TCM lift trucks have become a worldwide leader in forklift manufacturing and have built a solid reputation with the industry. TCM started building forklift manufacturing sites outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes various models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products used and recognized all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading business.
